MEMORANDUM FOR : Director of Personnel

SUBJECT : Identifying Persons Relative to Eligibility
for Overtime Pay

REFERENCE : Memorandum from Director of Personnel to Head of
Communications Career Service dated 4 November 1958
(DD/S 58-4401)

1. In accordance with paragraph 5 of the referenced memorandum the persons above the GS-10 level who would normally be directed to work overtime and receive overtime pay have been identified in the attached list. It is felt that no one in the Communications Career Service falls in the category established by paragraph 2 of the Overtime Compensation Policy Statement attached to the reference memorandum.

2. Although it is possible to identify certain areas wherein persons in specific positions are called upon regularly or with recurring frequency to perform work in excess of the forty-hour week, it should be borne in mind that the components serviced by a support component, such as the Office of Communications, generate peak workloads over which the support component has no control. For this reason it is felt that any policy statement on overtime should include a general provision of the following nature:

When there are conditions that warrant it, personnel may be designated by the head of a career service to receive overtime compensation on an "ad hoc" basis. In such cases, the head of the career service concerned will notify the Director of Personnel of this designation action and will supply the necessary justifying details including an estimate of the duration of the "ad hoc" designation.

Director of Communications
